Where Elements Converge, and Harmony Prevails.

Introduction:

At Oryn, Wu Xing is more than a philosophy; it's a way of life. Every sip, every flavor, and every moment reflect the unity of the elements, creating an unforgettable experience of balance, luxury, and connection.

Wu Xing,

the ancient Chinese philosophy of the Five Elements—Wood, Fire, Earth, Metal, and Water. These elements represent the cyclical forces of nature and their interconnectedness, where each gives rise to and supports the next, forming a harmonious balance.

Fresh Bloom

(Water + Wood)

1200

Ingredients: Martell V.S, Cinzano Rosso,
Maple, Shitake-Soy Soda.

Inspiration: In Wu Xing, Water nourishes Wood, allowing it to grow. This cocktail embodies that relationship, with water as the soda, carrying the essence of shitake, a fungus that thrives on decomposing wood. The maple, a tree deeply connected to changing seasons and the earth's natural cycles, symbolizes Wood, while its syrup represents the sustenance it provides. The interplay of umami and sweetness mirrors the nurturing dynamic between Water and Wood.

Quiet flame

(Wood + Fire)

1200

Ingredients: Toasted Sesame Infused Jim Beam,
Fino Sherry, Peanut Butter & Sichuan, Green Apple,
Milk.

Inspiration: Wood fuels Fire, making this combination a natural progression in Wu Xing. The toasted sesame represents the heat that transforms raw seeds into something rich and complex, much like fire's transformative power. The whiskey and Fino sherry, aged in wooden barrels, embody the role of wood in refining spirits. Sichuan spice, a fire-like sensation on the palate, alongside the warming depth of peanut butter, conveys the dynamic and igniting force of Fire emerging from Wood.

Our standard measure for spirits is 30 ml and wine by glass is 150 ml. All prices are in Indian Rupees. Government taxes as applicable. We levy 5% discretionary service charge. Drink responsibly. This communication is for 25+ years only.

Buried Ore

(Earth + Metal)

1200

Ingredients: Barsol Pisco, Campari, Cold Brew, Caramelized Poached Pear, Cinnamon, Milk.

Inspiration: In Wu Xing, Earth gives birth to Metal, as minerals and ores are extracted from the ground. This cocktail mirrors that relationship through ingredients that represent the earth's bounty—pears ripened in orchards, coffee beans cultivated from soil, and cinnamon, a spice rooted in the depths of the land. The cold brew and Campari add a metallic bitterness, hinting at the sharpness of Metal emerging from the richness of Earth. The drink is served in a metal flask, reinforcing the connection between the elements.

Steel Grain

(Metal + Wood)

1200

Ingredients: : Vanilla Infused Jose Cuervo Silver, Cointreau, Orange Marmalade, Fresh Orange, Fresh Lemon, Ti Amo Prosecco.

Inspiration: Metal chops Wood in Wu Xing, representing control and refinement. This cocktail draws upon that contrast by pairing elements that balance each other—sharp citrus (symbolizing Metal) against the natural sweetness of fruit (a product of Wood). The effervescence of Prosecco enhances the lightness of Wood, while vanilla tequila adds warmth, reminiscent of the way Wood is tempered and shaped by Metal tools.

Our standard measure for spirits is 30 ml and wine by glass is 150 ml. All prices are in Indian Rupees. Government taxes as applicable. We levy 5% discretionary service charge. Drink responsibly. This communication is for 25+ years only.

Deep Well

(Earth + Water)

1200

Ingredients: Jim Beam, Choya Gold Umeshu, Fresh Plum, Salt, Coconut Milk, Coconut Water, Acids.

Inspiration: Earth absorbs and contains Water, a fundamental balance in Wu Xing. This cocktail reflects that grounding and nourishing interaction—whiskey, derived from grains grown in the earth, pairs with the fluidity of coconut water. The salt enhances the minerality of the drink, connecting to Earth's foundational role, while coconut milk softens the texture, representing Water's adaptability. The blend of Umeshu and fresh plum ties back to both the fertility of Earth and the replenishment of Water.

Still Heat

(Water + Fire)

1200

Ingredients: Banana Infused Havana Club 3 years Old Rum, Aperol, Goji Berry Syrup, Fresh Lemon.

Inspiration: Water controls Fire in Wu Xing, maintaining balance. This drink captures that dynamic through the careful use of fermentation, where water plays a crucial role in tempering heat and promoting transformation. The banana is cooked sous vide at peak ripeness, just before fermentation fully takes hold, symbolizing the tension between Water's preservation and Fire's urge to accelerate change. Aperol's bitter-sweet profile enhances this interplay, evoking the delicate balance between the two elements.

Our standard measure for spirits is 30 ml and wine by glass is 150 ml. All prices are in Indian Rupees. Government taxes as applicable. We levy 5% discretionary service charge. Drink responsibly. This communication is for 25+ years only.

Liquid Forge

(Fire + Metal)

1200

Ingredients: *Bombay Sapphire Gin, Junmai ginjo Ayagiku Sake, Star Soda.*

Inspiration: Fire melts Metal in Wu Xing, shaping it into something new. This cocktail embodies that alchemical process with the burning of star anise, its smoky essence infusing the drink with the transformative nature of Fire. Sake, a fermented rice spirit, represents the refined and polished qualities of Metal. The star soda, with its shimmering effervescence, reflects the fusion of these two elements—Fire's intensity giving form to the brilliance of Metal.

Falling Ash

(Fire + Earth)

1300

Ingredients: *Jose Cuervo Sliver, Fandango Mezcal, Flame-Grilled Pineapple, Sichuan Pepper, Red Chilli, Grenadine, Bubble Drop, Acids.*

Inspiration: Fire creates Earth in Wu Xing, as the ashes of combustion settle into the soil, enriching it. The agave plants used in tequila and mezcal take years to grow, rooted deeply in the earth, but they undergo a fiery transformation when roasted for distillation. Flame-grilled pineapple represents the purifying process of fire, while Sichuan pepper and red chili bring heat and intensity, embodying the fiery energy that ultimately grounds itself in the deep flavors of the land.

Our standard measure for spirits is 30 ml and wine by glass is 150 ml. All prices are in Indian Rupees. Government taxes as applicable. We levy 5% discretionary service charge. Drink responsibly. This communication is for 25+ years only.

Peking duck

(Metal + Water)

1500

Ingredients: *Peking Duck Fat-Washed Jim Beam, Plum Juice, Falernum, Ginger, Hoisin, Milk, Fresh Lime.*

Inspiration: Metal generates Water in Wu Xing, much like how condensation forms on metal surfaces. This drink's inspiration comes from the intricate relationship between these elements. The duck fat-washed whiskey represents the richness of Metal, while the plum juice and falernum provide the depth and fluidity of Water. The ginger and hoisin add a savory complexity, reflecting how Metal shapes and refines Water in its flow.

Grounded

(Wood + Earth)

1800

Ingredients: *Absolute Elyx, Choya Gold Umeshu, Lillet Blanc, Luxardo Maraschino, Grape Pickle.*

Inspiration: Wood breaks down into Earth in Wu Xing, symbolizing the cycle of decay and renewal. This drink pays homage to that cycle with umeshu, a plum liqueur tied to the land's seasonal changes, and grape pickle, representing the fermentation and transformation of organic matter back into the soil. The drink's service from a wooden barrel highlights the interplay between these elements—Wood gradually enriching the Earth it came from.
